

Changed

Angelo Kelly

We could be fighting,
For the rest of our lives,
We could be fighting,
But this has got to end at some time.
Were we just dreaming,
Or too young to see through,
If we were dreaming,
Then what we lived by wasn't all true.

Chorus:

Is it me or is it them, who's changed.
Is it me or is it them, who's changed.
Is it me or is it them, who's changed.

Now it's time to let go,
Of our past and this bond,
Now it's time to let go,
And get our feet back on the ground.
I'm on a mission,
It's called "a family to feed",
This is a mission,
And I'm quitting with the hate,
And the greed.

Chorus:

Is it me or is it them, who's changed.
Is it me or is it them, who's changed.
Is it me or is it them...

When will all of us move on,
When will all of us move on,
Tell me,
When will all of us move on,
When will all of us move on.

Chorus:

Is it me or is it them, who's changed.
Is it me or is it them, who's changed.
Is it me or is it them, who's changed.
Is it me or is it them...

We could be fighting,
For the rest of our lives,
We could be fighting,
But this has got to end at some time.
