

Edge Of Happiness

Angelo Kelly

I take one step forward
But then I take two steps back
What is it that is it that I lack
I just can't get my head straight
I just can't get my life straight

One foot in heaven
But I got one foot in hell
Sometimes I just, I just can't tell
I just can't get my head straight
I just can't get my life straight
This dark hole is so deep
This dark hole is so deep

Oh oh uh ohuhoh
Oh oh uh ohohoh
I feel like I'm on the edge
Just to about to fall down
I feel like I'm on the edge
The edge of happiness
The edge of happiness

Do I need therapy
Or do I need a good kick in the ass
Do I need prayer
I've got to many things to ask
I just can't get my head straight
I just can't get my life straight
This dark hole is so deep
This dark hole is so deep

Oh oh uh ohuhoh
Oh oh uh ohohoh
I feel like I'm on the edge
Just to about to fall down
I feel like I'm on the edge
The edge of happiness
The edge of happiness
