

## Tremors

## Angels & Airwaves

The earth is burnin'  
Can't feel my feet  
Yeah come on'

The floor is sinking  
Through holes in the street  
Yeah come on

Your eyes have ferried  
My nightmares to sleep  
So come on

Tonight is stolen  
And sharpened like teeth  
Yeah come on

I'm a ghost, hesitating  
I bite my tongue at your throne

Meet me here half way  
Across elation  
I get off this way  
When I'm in love

Your eyes are poison  
Your making me sweat  
So come on

I keep a crucifix  
Hung on my neck  
Yeah come on

Back to the cradle  
Your chasin' a rat  
So come on

Don't activate that-  
That Plan of attack  
Yeah come on

I'm a ghost, salivating  
I crave your soul, like my own

Meet me here half way  
Across elation  
I get off this way  
When I'm in love

When you scream my name,  
I feel I'm dying.  
I get off this way,  
when I'm in love.

I get off this way,  
when I'm in love.
