

Vena Cava

Angelspit

Your tongue
Bores me numb
Terror toma carcinoma
Speaking for you

Shallow opinion,
Acid fetish toy in the shape of YOU
Look very beautiful [beautiful]
Deranged, deaunched, denuded

On that stainless steel cot.

Enter Herr Surgeon
Take up the bowie knife
And play join the dots.

The Doctor is in 2x]

Your fist
Judas kiss
Writhing carcass
New Lazarus ravenous blood

Razor Devil Child
Drugged up aristocrat
Completely fucked up with formalities

Empty, Heiress, Tantrums
Psycho, with a gun
Finger heracy
Clean out the poison when you cut out your tongue

(Heart removed neatly with a bowie knife
Pick up the blade and join the dots) 4x
