

Colder than Ice
The World falls apart
Cold like a Stone
The spell on the Souls
Colder than ice
Your hand on my Heart
A world made of stone
Let tenderness freeze

Save the Fairyland we live in
Where all failings are forgiven
Feel like hunted by a Griffin
I fall down
Straight down

Save the Fairyland we live in
Where my failings are forgiven
Feel like hunted by a Griffin
I'm falling straight down

Catch my Daydream
Catch my Fall

Colder than Ice
Night all around
Cold like a stone
The Heart of success
Wasteland of Ice
We fall to the Ground
A World made of Stone
Let Tenderness freeze

Save the Fairyland we live in
Where all failings are forgiven
Feel like hunted by a Griffin
I fall down
Straight down

Save the Fairyland we live in
Where my failings are forgiven
Feel like hunted by a Griffin
I'm falling straight down

Falling down
Falling down
Falling down
Catch me
When I'm falling down
Please come to me...

Save the Fairyland we live in
Where all failings are forgiven
Feel like hunted by a Griffin
I fall down
Straight down

Save the Fairyland we live in

Where my failings are forgiven
Feel like hunted by a Griffin
I'm falling straight down

Catch my Daydream
Catch my Fall
