I'm the master

I pull your string, makin' moves, I'm the master Causing you to
 do what you do
You are the puppet (puppet?)
Pull your string, makin' moves, I'm the master
Turn into soldiers, by by the millions
With the high funk overdose
Every move you make
Pull your string, makin' moves, I'm the master
I pull your string, makin' moves, I'm the master
Causing you to do what you do, you are the puppet
(Puppet)
In control of the whole game

Turn into soldiers by the millions, assassins
We we multiply, by by the masses
I'm the master
