

Creed of Chaos

Angerfist

Yeah, listen

Welcome to the creed of chaos (chaos [?x])

Creed of chaos, I am the end

I am the one you cannot withstand

Creed of chaos

The sixth disclosure is here

It is the untamed, the undead

Behold the awakening and fear the creed of chaos

Welcome to the creed of chaos

World's number one serial killer

I am the spine-motherfucker-chiller

Target is locked, ready to erase

Give me the mask and I'll show you my real face

(Show you my real face [5x])

Wrong f**king time, wrong f**king place

Angerfist and Nolz straight in your face

Yes

Yeah, listen

Creed of chaos, I am the end

I am the one you cannot withstand

Nocturnals

Yes

World's number one serial killer

I am the spine-motherfucker-chiller

Target is locked, ready to erase

Give me the mask and I'll show you my real face

Angerfist and Nolz, in, in, in your face

Killer
