

Breathe In Water

Anggun

Somehow the days and the nights are all the same
I can't tell the time I forget their names
When I am without you

And I'm spinning around like a satellite
With daze in my head I can't abide
When I'm away from you

To show how much you mean to me
I'd give up my gravity
I'd walk the surface of the sea
To find where you would be

I'd breathe in water - And drown myself in you
I'd breathe in water - Dive myself in you
I'd breathe in water - If you asked me to
Breathe in water

Somehow I feel so lost with a homeless heart
I've nowhere to run, I've nowhere to hide
When I am missing you

But I chase the dark clouds from my eyes
Send them away like butterflies
When I think about you

To show how much you mean to me
I've erased my memory
To walk the surface of the sea
To be where you would be

This is what I can do
What a woman can do
This is all that I feel
And what I feel is real
This is what I have prayed
For this love in my way
I breathe in water
I can breathe in water
