

# Forget Her

Anggun

I've been waiting patiently  
Watching you from here silently  
If only you could hear my beating heart, beating heart  
Rumbling, thundering, singing loud for you

Cause I know you belong to me  
Just like the river running to the sea  
You're once blind but now you can see  
I can bring anything, everything for you

And I'll make you forget her  
Nothing more to remember  
Cause there's nothing better  
Than my love for you

Yes I know you belong to me  
Cause I am the one who will set you free  
Your heart is longing for eternity  
I can bring anything, everything for you

And I'll make you forget her  
Nothing more to remember  
Cause there's nothing better  
Than my love for you

And I'll make you forget her  
Caring next to never  
Cause there's nothing greater  
Than my love for you

Believe in me  
And trust in me  
Like you, I'm scared  
But for you I dare

And I'll make you forget her  
Nothing more to remember  
Cause there's nothing better  
Than my love for you

And I'll make you forget her  
Caring next to never  
Cause there's nothing greater  
Than my love for you  
My love for you  
My love for you  
My love for you  
My love for you
