Inhuman

Anggun

Where are we now,
With everything we've said and done?
Road to nowhere
Can we stop now?
Can't you see that we've become
Sadly impaired

I know there's hope within us
I want to believe in us

Tell me we'll conquer love again
'Cause hate only makes us inhuman
Tell me we'll let love run in our veins
Hate only makes us inhuman

And my heart aches
Without love, life's a mistake
This much is true

I want to believe in you
In everything we do

Tell me we'll conquer love again
'Cause hate only makes us inhuman
Tell me we'll let love run in our veins
Hate only makes us inhuman

Want to believe in you
In everything we do
I know there's hope within us
I want to believe in us

Tell me we'll conquer love again
'Cause hate only makes us inhuman
Tell me we'll let love run in our veins
'Cause hate only makes us inhuman

Tell me we'll conquer love again
'Cause hate only makes us inhuman
Tell me we'll let love run in our veins
Hate only makes us inhuman
Hate only makes us inhuman
Hate only makes us inhuman
