

# Stronger

Anggun

Want to break me down  
Want to tear me up  
Want to scream and shout  
Well you can try

Want to let me down  
Want to leave me out  
Want to push me 'round  
Go a head and try

Want to show your pride  
Want to push me out  
Want to break it up

No matter how hard no I won't ache  
No matter how far this I will take  
No matter how long no I won't break  
'Cause you'd only make me stronger

Want to shut me up  
Want to pull me down  
Want to scratch me off  
Go a head and try

Want to knock me out  
Want to put me down  
Want to kick me out  
Yes you can try

Want to scream out loud  
Want to give me up  
Want to burn this down

No matter how hard no I won't ache  
No matter how far this I will take  
No matter how long no I won't break  
'Cause you'd only make me stronger
