

All I'm Missing

Angie Stone

Under the tree
I see presents and cards from family
I lit a candle
Now the house smells like Christmas Eve

So I don't mean (I don't mean)
To complain (To complain)
But without you here
Christmas ain't the same (Yeah it ain't the same)
I've got everything on my list
But all I'm missing is you (You, you)

Too many days have gone by since I had to say goodbye to you
Still trying to wrap my head around the fact that you left so soon
Still I choose to remember the good times in December
Staying up till the morning after got me missing your joy and laughter
You made it look so easy
You went out of your way to please me
So every day I reminisce
Of your smile and your kiss

I've got everything on my list
But all I'm missing is you
Is you

I wish I could stop the time (I wish I could stop the time)
If I could, I press rewind (Rewind, press rewind)
My one wish this year would be
Having you right here with me
(All that I'm missing is you this Christmas)

Missing you this Christmas (I'm missing you)
Missing you this Christmas (I'm missing you)
I've got everything on my list (Missing you this)
But it's you, it's you I miss this Christmas (Christmas)
