Gonna Have To Be You

Angie Stone

What are we gonna do
I still love you
And you still love me too
Yeah yeah mmm

One of us has gotta be the bigger person
Somebody's gotta be brave
One of us gon' have to tell the family about it
I've been tryin' I'm tryin' I'm tryin' I'm tryin' baby
Whoa-oh

One of us gon' have to tell the children what happened
I'm sure they'd take it better from you
Cause I'm sure they're not the only ones
That this is happening to

I put that on everything

Someone's gonna have to cross
That line with someone new
It's gonna have to be you
Gon' have to be you
Cause I can't
I still love you
I don't have the heart to break these ties
I'm not ready to be living the single life
It's gonna have to be you
Have to be you
I still love you

One of us gon' have to make the move toward happy
While our lives are standing still
Baby one of us gon' have to go and file those papers
But we probably never will, never will

Somebody gon' have to make a list of the differences
That we couldn't reconcile
Cause I know this love is over but
Let's think it over a while
Don't wanna believe it

Someone's gonna have to cross
That line with someone new
It's gonna have to be you
Gon' have to be you
Cause I can't
I still love you
I don't have the heart to break these ties
I'm not ready to be living the single life
It's gonna have to be you
Have to be you
I still love you

Let's reconsider it
I know that we're both bitter
But just look at what we're throwing away
Why don't we fall on our knees and just pray

What if I said I love you baby
Would you look at me like I was crazy
Lettin' go is something that I just can't do
Cause baby I still love you

Someone's gonna have to cross
That line with someone new
It's gonna have to be you
Gon' have to be you
Cause I can't
I still love you
I don't have the heart to break these ties
I'm not ready to be living the single life
It's gonna have to be you
Have to be you
I still love you

What if I said I love you baby
Would you look at me like I was crazy
Lettin' go is something that I just can't do
Cause baby I still love you
