

## So Near So Far

Angra

Look at my face  
Scars won't deny  
Alone again  
I start to cry  
Staring at me  
Too blind to see  
Open arms  
For all I give  
For all I take  
Inside of your heart  
So near so far  
I'm just a boy... like you  
Oh! Father I pray  
For your charity  
Wisdom for life  
Was all I needed  
Was all I wanted  
To share with you  
You know my heart  
Was not disguise  
Waiting for you  
So stay with me  
I'm now a man! You know!  
Come! Take a chance  
And give it all  
No harmful winds  
To whisper for  
Life is short, you know  
We can regret  
Healing wounds always help us to redress  
And with you I learned to live  
Come! Take a chance  
And give it all  
No harmful winds  
To whisper for  
Our time is short, you know  
Must we still regret?  
Healing wounds always make time to redress  
And I love you more each day
