

Stand Away

Angra

Stand away the dreaded burning life
Will leave its mark for those with no desire
Stand in front of the whole creation
Face the people starved like worms
Still I'm begging for comprehension
From the ones who rule us all
Is this field the dying embers soul
All around we mourn

Oh, here they come again
(Now they're coming more aggressive tearing down our only chances)
The stars can't find the purple sky
(Loneliness will find its reason treasured seeds for every season)
Long for the day be back someday
And the church
(Church is selling consolation, killing Jesus for salvation)
Don't let us die
(Taking all in desperation, leave me now to rest in peace)
Let me rest in peace

Away, a while
Our smile taken from
The hearts of broken souls

Stand away from the fire
Destined by the fate
Let those sinners pay how they steal
For on the judgement day
How they yield
