

## Death Of Beewak

Angry Samoans

Mr. Beewak my friend  
Yesterday's lessons aren't forgotten  
But there's something you said  
About people that's dead...  
Forgotten.

I think I can think for me and your friends  
And say that you have done much wrong  
Things have changed, your Karma remains  
Mr. Beewak, you're gone.

Still I haven't a clue,  
What has happened to you,  
I'll just look into blue...  
Forever.
