

Egyptomania

Angry Samoans

I took my baby to the top of the world
I took her there she was my favorite girl
On the pyramid and up to the top, yeah
Girl of my love girl of my dreams you don't know what this really means
Grab my knife and I start to cry, stabbed her body fourteen times
Egyptomania, I'm goin'
Cairo-Go-Go was a favorite spot, drinks were so-so but they got me off
Did the shimmy 'til the break of dawn, yeah
Tonight Egyptian moon, palm trees, sand and you.
Blood on my face, blood on her arms she was the girl with the Egyptian charm.
Egyptomania, Egypto!
I took my baby to the top of the world.
I took her there she was my favorite girl.
We went down into the tomb one day
But now that's alright got nothin' to say.
Egyptomania, I'm goin'.
