

## Lost Highway

Angry Samoans

No no no - I need a place to stay  
No no no - I need another day  
My soul is lost, it's lost it's way  
It's been living in this lost  
This lost Highway  
No no no no - no no  
The night gets darker now  
I'm cold and all allone  
I took a turn in this life some how  
I'll never find my way back home

I don't know  
I can't tell you girl  
What i see there

Demon spawn with buging eyes  
The devils living in disguise

He's in this world, He's here today  
He's living in this lost  
This lost Highway

Help me please - I need a place to stay  
I'm all allone - I lost my way  
My soul is lost - It's lost, it's way  
It's been living in this lost  
This lost Highway  
No no no no  
This lost Highway  
No no no no  
This lost Highway  
This lost Highway  
No no no no  
This lost Highway
