

Stp Not Lsd

Angry Samoans

This life I'm livin is too fast for me
I gotta lay off that LSD

STP, STP I'd rather have you than that LSD

18 years of rotten luck
Stuck in Missouri and they took my truck

STP, STP I'd rather have you than that LSD
STP, STP I can't get enough of that LSD, Hey!

If you take those drugs it'll blow your mind

Nothing but the blob is left behind
The hippie said €ædon't drive a truck
But I'd rather have that, than my mind f*cked on

STP, STP I'd rather have you than that LSD
STP, STP I'd rather have you than that LSD
STP, STP I can't get enough of that LSD

Yeah this life's too fast man
