

Wild Hog Rhyde

Angry Samoans

Now I'm living all alone
It's too bad - you'll never know
I praid the price and they locked the gate
It's a heck of a lot to contemplate

At the end of night
Is my wild hog rhyde

Round and round and round i go
Where I stop close there to the hole
All the people they look at me

Cause i am what they want to be

It's the end of night
It's the wild hog rhyde

It's a wild hog rhyde
It's a wild hog rhyde

Last night, i took a trip
I hopped on the my back, yeah
I really in the my mind
I took the wild hog rhyde
