

Forever For Us

Angus & Julia Stone

Oh, the wheels on the bus circle 'round and 'round
Autumn leaves they keep fallin' down
And I finally feel I find a place where I'm at home with my heart again
Lay me down by the river
And lookin' up at the trees
Oh, the sunny shines, the sunny blinds my heart again

Yeah I hope this fire burns
All night for us
Yeah I hope the stars and the night
Can shine bright for us
Yeah I hope the things in my heart
Can shine bright for us
Yeah I hope this night lasts
Forever for us
Yeah I hope this night lasts
Forever

Hm, take the [?]
Take the clothes off my bones
Let the water run on down my neck
We can drift away
We can find a place where we feel like
Oh we feel like we're home again

Yeah I hope this fire burns
All night for us
Yeah I hope the stars and the night
Can shine bright for us
Yeah I hope the things in my heart
Can shine bright for us
Yeah I hope this night lasts
Forever for us
Yeah I hope this night lasts
Forever

Yeah I hope this night lasts
Forever
Yeah I hope this night lasts
Forever
