

## When Was That

Angus & Julia Stone

I wonder if I am dreaming  
Everything feels so strange now  
Under this old town's sky  
I wonder if there's still meaning  
In all the things I'm feeling  
Should I say goodbye?

Take me back  
To when things were easier  
Take me back  
To a place that feels like home  
When was that?

I wonder if you can hear me  
Wonder if you can feel my heart  
Beating now  
I wonder if I'll be okay  
Wonder if things will keep on changing  
When I fall down

Take me back  
To when things were easier  
Take me back  
To a place that I belong  
Take me back  
To a place that feels like home  
When was that?
