

Sixcalibur

ANGUS McSIX

Sixcalibur
Sixcalibur

Feared by ghoul and goblin
The power of the sword
Conquered hell and abyss
Defeated evil lord

A thousand centuries ago, arch demon Seebulon
Had been banned for eternal times to come
By the blade forged to prevail

All hail!

Sixcalibur
The astral fire burns in my veins again
Sixcalibur
Unite me with the flame
Sixcalibur
Empowered by the key to eternity
Sixcalibur
You and me were meant to be
Sixcalibur

Darkness starts to tremble
Like lightning hits the foes
With each slaughtered enemy
Its magic power grows

Every stroke kills many trolls, some seven at one blow
Stronger force than anything we know
Mighty blade will never fail

All hail!

Sixcalibur
The astral fire burns in my veins again
Sixcalibur
Unite me with the flame
Sixcalibur
Empowered by the key to eternity
Sixcalibur
You and me were meant to be
Sixcalibur

Hail, hail, hail, all hail!
Hail, hail, hail, all hail!
Hail, hail, hail, all hail!
Hail, hail, hail, all hail!

Hail, hail, hail, all hail!
Hail, hail, hail, all hail!
Hail, hail, hail, all hail!
Hail, hail, hail, all hail!

Sixcalibur
The astral fire burns in my veins again

Sixcalibur
Unite me with the flame
Sixcalibur
Empowered by the key to eternity
Sixcalibur
You and me were meant to be
Sixcalibur
