

# Warrior Of The World

Angus

The main event you know we're feeling good  
We're gonna rock this town tonight  
We're here to steal your soul with metal rock 'n roll  
And you won't stop until the morning light

We're rockin' come and hear the call  
No stoppin' you can take it all  
We're burning all through the night  
Burning down the house so come and take it all

And keep on rockin' down deep inside  
You know the heat is gonna get you gonna take control  
Cause it's a feeling that you cannot hide

We're rockin' come and hear the call  
No stoppin' you can take it all  
We're burning all through the night  
Burning down the house so come and take it all

Who are we  
What do we want to be  
Warriors  
Fighting to be free (2x)

Feel this force  
Join this cause  
And rock unite  
Yeah we'll rock all night

Who are we  
What do we want to be  
Warriors  
Fighting to be free
