You Had Time

Ani DiFranco

How can I go home with nothing to say I know you're going to look at me that way and say what did you do out there and what did you decide you said you needed time and you had time

You are a china shop and I am a bull you are really good food and I am full I guess everything is timing I guess everything's been said so I am coming home with an empty head

You'll say did they love you or what I'll say they love what I do the only one who really loves me is you and you'll say girl did you kick some butt and I'll say I don't really remember but my fingers are sore and my voice is too

You'll say it's really good to see you you'll say I missed you horribly you'll say let me carry that give that to me and you will take the heavy stuff and you will drive the car and I'll look out the window making jokes about the way things are

How can I go home with nothing to say I know you're going to look at me that way and say what did you do out there and what did you decide you said you needed time and you had time
