

Just in Case

Anilyst

Chiefig on drough
We ride low
We wild though, just in case you didn't know
I'ma die rich, keep a side bitch, that's just how it is
Just in case you didn't know
Chiefig on drough
We ride low
We wild though, just in case you didn't know
I'ma die rich, keep a side bitch, that's just how it is
Just in case you didn't know

Stand around and chill, yall can chatter while we build
Shit dont stop we winning dog foreals
Bitch will make her ass bounce around my house in hills
Pussy feels as tight as rubber bands around my bills
She be stayin down low
Smell the marijuana smoke, on us everywhere we go
Cuz we stayin high forever so
We ain't comin down an/, money flowin like a fountain
Count it while these hoes are drowning
Ain't no doubting he's incredible
Represent the men who get reckless for that yen
Seff is just a gem, see the best has yet began
Sipping on goose, systems on boost
Bitch I'm like a pitt that's gone loose
Mind fully focused, on the prize and ain't you noticed
That we grind every moment, living life so enormous
Now we shine no one coached us, to get by we was hopeless
Till we saw how we could own this, now we on to get the bonus

Chiefig on drough
We ride low
We wild though, just in case you didn't know
I'ma die rich, keep a side bitch, that's just how it is
Just in case you didn't know
Chiefig on drough
We ride low
We wild though, just in case you didn't know
I'ma die rich, keep a side bitch, that's just how it is
Just in case you didn't know
