Kobe Bryant in his prime, so dope rewind all my lines
Kobe Bryant in his prime, so dope rewind all my lines
Kobe Bryant in his prime, so dope rewind all my lines

Drop top too clean, times do change
Am I too hot or are ya'll too plain?
I like 2Pac and I rock Wu-Tang
See a lot of you are not able to hardly entertain
In a minute I'll body you say goodbye to your whole gang
Cause the kid is so melodic so they copying my game
But its honestly because all of your audios the same
Homie I'ma probably go insane if I don't roll a flame
Hit them with a bit of love but never innocent enough
Cause I'm chilling in the cut so tell a trick to lick it up
Sick of love I'm into lust
Witnessing a brotha kill it in a rush
Feeling it cause ain't no others that's ridiculous as us
Fuck it ain't cussing for nothin
People wanna come with assumptions
Cause I don't ever come to they functions
Step too close knuckle up cause I'm punching
Ain't smoked in a weekend
Needa float but I'm sinking
See I know what you're thinking
What in the world is he drinking?
On the road for no singing, I'm rapping and hoes are just winking
Cash for the flow now I'm blinging
Damn how my phone jus keep ringing
They kno we grind
Young dude with an OG mind
Kobe Bryant in his prime
So dope rewind all my lines
Make a mother fucker LYSTen
Cause bruh I'm conditioned
Plus I've got something they're missing
Spittin' that comes with precision
Girls glancing, got a couple hoes on a pole dancing
You the type that'll go romance them
Hold hands with them but never no action
As far as it gets though, raw in the flesh I was brought up in Fresno
So guard and protect yo, heart and your chest before part of it explodes
Caution cause part of me's mental
Cold hearted no part of me's gentle
Dog I'm revengeful, ten fold, got no thoughts that are hardly regretful
Crazy my cranium, has lately been making me think I'm an alien
I'm a scary aquarian
They're better off slaying me hurry just burry him

Kobe Bryant in his prime, so dope rewind all my lines
Kobe Bryant in his prime, so dope rewind all my lines
Kobe Bryant in his prime, so dope rewind all my lines
Kobe Bryant in his prime, so dope rewind all my lines
