

Seff

Anilyst

The world is beginning to know me as Anilyst, but those around me will forever know me as Seff... that's my real name if you ain't know... so let me give ya'll some, Seff...

See how I work no time for rehearsing, mean with the verse but I'm nicer in person
Bleed for my turf cause my mind is so urban
Clean as a person that lies in detergent
He takes words and combines them to verses
Tie's them like turbans, I'm tight as a virgin
I have been swerving all night like a serpent
Might go berserk with a knife like a surgeon
They like how I serve them, strike them on purpose
I am so sure that my life's like a circus
I am not nervous, I'm just observant, murderous type but I'm fighting the urges
Kids got the courage to make his shit flourish
Spit it superb while I'm twisting up herb
Lifted as if I don't live on this earth, vicious I'll hitch you with this till it hurts
No lie, y'all so emo so go cry, watch yo lingo though bro I, got's to reload my 4-5
Cuatro, cinco like golden eye, get a load of my little loaded nine
Kid is so live and they know my shows hype
Lit low life yeah I'm getting so high, this is muay thai how I kick multis
Fights over, I'm bitchpolar, I'm coo-coo like the psycho joker
Might strike you with a pint of cola
Pipe your boo make her bite my cobra
Quite a loca skin is like mocha in her white thong when she sits on my sofa/
keep the lights on whenever I poke her
Hit it while I'm giving her a hit of my doja
Anything goes, when he's in the zone
I'm a gigolo with a wicked flow, do you feel the tone?
Making any hoe fold to a figure four, blowing on my picallo
Loving when she lick it slow
Stop fronting, come confront him knuckle up cause for a couple concussions
Blood rushing got a gun busting I'ma keep dumping until you're just nothin
I'm a king, wise like a Pharaoh mobbing like Robert De Niro grinding for commas and zeros
Rocking the hottest apparel, that's why I look fly as an arrow
Fine as some wine in a barrel
I've got the grind and the will like I'm Ferrell
Slicing you like I was sparrow
Your IQ is zero
I guess that must be why your mind is so narrow
We sold you reefer no refunds
We stole your visa I need funds
He's sort of a beast but you're weak cause
I consider you weak as the weakest
Just ask for this cat to whip ass
Spit fast to give cats that whiplash
Kick back with zig zags a big stash
And a little dab of thick wax to get smacked
I be killing them the kid is on a roll
I be on that liquor so how quicker can I go? Rhyiming so original you people copy flows
Kind of like a criminal the way I slaughter shows

Thank God for this flow that I've got
A's got the gift hoe so why stop?
Stay confidential when I talk cause they all want some info on my thoughts
He is a trend setter, I'm a G like the seventh letter
Never let up, we gon better cheddar, shred up an emcee till his head is seve
red
Or beat till that fellas fed up so he can never feel his cerebellum develop
Or even better I'ma mail him a letter and tell him when I see him I'ma have
to greet him with a set of berettas
Real shit I built this from realness, illness no pills meant to heal Lyst
Premonition that when you'll listen you'll feel this/ definition of demoliti
on I kill this
Reminiscing on when I'm dissing your repetition every time I listen its evid
ent I don't feel shit
Admit it, I'ma visionist, you're irrelevant as a television is I'ma hit the
kill switch
Y'all finna see, flow like a yacht in the sea, y'all is beneath
Watching them drop to they knees
Caution, I'm causing a scene, constant routine and its just obvious we kill
it like Khaled cause I got the keys
Profiting cause I release all my thoughts over beats while I'm watching thes
e dollars increase
Peace
