

## Cum On Christ

Anima Damnata

With perverted pleasure I masturbate upon the crucifix  
With blasphemous joy I spit on Christ's face  
I dream about his mother dressed in black leather  
About her tight ass screwed by my cock

I cum on Christ mocking your god and your pathetic beliefs  
Let him taste demon's sperm, a poison from hell

Cum on Christ, cum on Christ, cum on Christ

Desecration brings me to ecstasy, I follow the path of sin  
As an unleashed infernal beast I rape all sanctity

My evil nature brought me here to blaspheme against the Holy Trinity  
My unrestrained lust is your worst curse

With perverted pleasure I masturbate upon the crucifix  
With blasphemous joy I spit on Christ's face  
I dream about his mother dressed in black leather  
About her tight ass screwed by my cock

I cum on christ, on his face and his emaciated corpse  
Behold and bow before the beauty of my ineffable depravation

Cum on Christ, cum on Christ, cum on Christ

And when I finish, I piss on the cross dripping with my semen  
And when everything's over, I swear myself to darkness and evil

Cum on Christ, cum on Christ, cum on Christ.
