

Defile The Cross

Anima Damnata

Host turned to shit, just like his words
Buried under the ruins of pathetic heaven
Host turned to shit, just like his bible
Defeated by deadly sin, defeated by my sin

I am here to defile the cross
Satan's son, beast unleashed, the unborn
Hate me! I'm father of decadence
Slayer of your decrepit god.
I am here to bury your dreams
In the cesspit of this dead world
Where jehova dwells with his bitch
Where jehova dwells with his bitch

Cross is defiled
jesus die
Cross is defiled
jesus die

I am here to defile the cross
Don't you want to look as I piss
Into the mouth of jewish king
Before he die, he must to drink.
I am here to enthrone the Black Goat
Upon the throne of disgrace
Lets feast upon christ's rotting flesh
Lets feast upon christ's rotting flesh

Cross is defiled
jesus died
Cross is defiled
jesus died

Bow to the Horned Lord
Plunge into splendour
of bottomless darkness
Bow to the Black Goat
with thousand youngs
Bow! ...and die!
