

# No Glory In Heaven

Anima Damnata

You will die - there is no god to save you  
Kneel and bow - Horned Lord is rising from the deep  
Heavens fall - you're doomed to suffer in flames  
Bleed you whores - salvation is forever lost

I'll deliver you from your life, I'll bring you relief by bliss  
ful mayhem

No glory in heaven, earthly pleasures have won  
No ressurection, but eternal damnation  
No peace on earth, only holocaust of god's people  
No wine and host, but shit and semen in your mouth

I'll slay you as a dirty pig, your mutilated flesh is a tribute  
for my Lord Satan

Violate - emaciated icon of holiness  
Desecrate - redeemer's crucified flesh  
Kill their priests - deceitful slaves of the cross  
Praise the Beast - hell is unleashed

No glory in heaven, earthly pleasures have won  
No ressurection, but eternal damnation  
No peace on earth, only holocaust of god's people  
No wine and host, but shit and semen in your mouth

No glory in heaven! Satan forever rule! No glory in heaven! No  
redemption!!!
