

I Remember Learning How to Dive

Animal Collective

I remember
learning how to dive
deep-end board
I was high.

I remember learning how to dive

I just had to go
to the end of the board
I distract myself
and go waaaaaaaaaay up now
I just had to jump
you just have to jump
and touch the water
with the end of your fingers..

I remember
learning how to dive
deep-end board
I was high.
