

## Bright Lights

Animal Kingdom

Please, don't leave me here  
Cause I might not make it  
Stop. Stop confusing things  
With your twisted thinking  
Wait, at the waters edge  
I will meet you there

World it trembles as it starts to spin  
Sky it cracked and now its falling in  
There were bright lights, there were dollar signs  
Ties that bind you

And we'll sail toward the light  
Through the stars, through the night  
And we'll sail toward the light  
Through the stars, through the night

Feet may stumble if you leave the road  
And theres no compass thatll guide you home  
But there were bright lights, there were dollar Signs  
Ties that bind you

And we'll sail toward the light  
Through the stars, through the night  
And we'll sail toward the light  
Through the stars, through the night
