Hooray for sugar, 'cause we love it  
Chocolate chips; we want more of it  
Cakes and ice cream; watch us shove it  
Down our throats real fast.

Here's a candy bar, you tried it?  
Hey, let's all see what's inside it.

We like sweets a lot  
But they make your insides rot  
So remember it's your body  
And the only one you've got.
