Anime

I wanna fly right now  
I wanna see all my homies get down  
I wanna feel like I can't come down  
I got a dream so I can't stop now  
I wanna, I wanna fly right now  
I wanna see all my homies get down  
I wanna feel like I can't come down  
I got a dream so I can't stop now  
I gotta stop feeling invisible and start feeling invincible  
Hate, feeling impossible  
The hardest thing is believing in your dreams  
Stop feeling invisible and start feeling invincible  
Hate, feeling impossible  
The hardest thing is believing in your dreams
