

Palmcuts

Anime

The depth of your scars it says
how deep is your universe
The last girl read my palm today
you're still the deepest cut

Repaired is never as good as new
Planes are leaving - still I'm gone with you
A siamese soultwin separated
Dust on the sandclock

Another try to get me home
Another try to get me home
from you
Kill what's real to move on

Cutting off my love line
Why not to hurt is to die?
