

## Something for ever

Anime

Sometimes we long for  
water, wood and sand  
for arctic toys  
I know you understand  
for a town where  
windows are only round  
we search for something blue and older

Pupils dilate  
and streetlamps through the leaves  
they make me feel i'm somewhere else  
not here  
It won't be real 'cos I'm still in between  
so intense  
but still it's like a dream

The battles that I won  
when I was small  
They make me want to  
touch some old wall  
and somtheng's in the air  
Wish I could breathe  
just want  
something  
That's forever
