## Animation

When we read the headlines  
Nothing but bad news  
We're gonna make it better  
Because we got the right to choose

All you politicians  
Better loosen up  
Because you're playing with fire  
And we're talkin' nasty stuff

Before it's over and done  
All we wanna do is have fun, fun, fun  
Nobody's carrying guns  
All we wanna do is have fun, fun, fun  
Fun, fun, fun  
Fun, fun, fun

We'll send an invitation  
To come to party town  
We'll tell United Nations  
To put their pieces down, down, down

They get a lot of fighting  
If only for a day  
We're gonna knock your socks off  
And rock the night away

Before it's over and done  
All we wanna do is have fun, fun, fun  
Nobody's carrying guns  
All we wanna do is have fun, fun, fun  
Fun, fun, fun  
Fun, fun, fun

When we read the headlines  
Nothing but bad news  
We're gonna make it better  
Because we got the right to choose

All you politicians  
Better loosen up  
Because you're playing with fire  
And we're talkin' nasty stuff

Before it's over and done  
All we wanna do is have fun, fun, fun  
Nobody's carrying guns  
All we wanna do is have fun, fun, fun

Before it's over and done  
All we wanna do is have fun, fun, fun  
Nobody's carrying guns  
All we wanna do is have fun, fun, fun  
Fun, fun, fun  
Fun, fun, fun, fun, fun, fun

Fun, fun, fun, fun, fun

Fun, fun, fun, fun, fun, fun  
Fun, fun, fun
