## **Watch Your Step**

## **Anita Baker**

I don't understand your thinking Don't know why, you do the things you do Break my heart, and disregard my feelings Breaking hearts, some kind of game to you

I tell you, you better watch your step You'll fall and hurt yourself one day baby listen, you better watch step You'll fall and hurt yourself one day

It's so easy, to tease me
It's so easy, to let me down
It's so easy, to mislead me
It's so easy, to leave me hangin around
no where to come down.

Maybe we should just forget this
Maybe, just put me out of your mind
I won't stay, not while you mistreat me
I won't stay, It's just a waist of my time

I'm tellin you, you better watch your step You'll fall and hurt yourself one day baby listen, you better watch step You'll fall and hurt yourself one day
