

(I Wanna Hear) A Cheatin' Song

Anita Cochran

Driving along with my radio up
man calls in say's I've had enough
play a song, cheatin's gone and I'm crying
All I hear in this day and time
are fairytales and pretty words that rhyme
Everybody's lovers and everybody's friends
same old thing over and over again

I wanna hear a cheatin song
about somebody doing someone wrong
a story thats about my life
with a simple melody
Forget about the I love you's
They work for the Heartbroke fools
I wanna hear a cheatin song
Dedicated to me

Keep on driving just a few more miles
To intrigued to change my radio dial
Yes sir your right
The DJ replied, but I'm trying
There's alot of things in this world that ain't right
They use to sing about in the words that they write
Now everybodys happy
And everybody's great
Even I can't seem to relate

I wanna hear a cheatin song
About somebody doing someone wrong
A story thats about my life
With a simple Melody
Forget about the I love you's
They work for the heartbroke fools
I wanna hear a cheatin' song
Dedicated to me

Can you help me Conway
Yeah

I wanna hear a cheatin song
about somebody doing someone wrong
A story thats about real life
With a simple melody
Oh, Forget about the I love you's
Yeah, Lets play one for the heartbroke fools
I wanna hear a cheatin song
Dedicated to me

Well I wanna hear a cheatin song
Dedicated to you
Yeah
