

## Lovely Fake

Anita Lipnicka

what I keep in my night table drawer  
you wouldn't like to know  
and you wouldn't wanna see  
where I go in my dreams  
if I sleep at all

you, you never try to get me  
you just wanted to have me  
you have me  
and you, you don't even taste me  
you just eat and digest me

so I compose my cold, beaten bones  
into a lovely fake  
something nice to be around  
something easy to hold  
a simple choice to make

you, you never try to get me  
you just needed to have me  
you have me  
and you, you don't even taste me  
you just eat and digest me

I hope you don't mind I leave traces behind  
a girl in the snow  
maybe I'm scared  
I won't find my way back  
when you finally decide I should go  
why, why would you try to get me  
when all you need is just a lovely fake  
for your wall  
I'm liquid running  
there's a sea secret in me  
it's plain to see it is rising  
but I must be flowing liquid diamonds
