

# Freedom

Anita Meyer

There's just no place where time stands still  
Seasons will come and go  
Winter's gone-spring takes over  
Things gonna change I know they will  
If we believe and understand it  
I we can see the signs and hand a hand

Chorus:

Freedom is gonna come  
Let us hope and pray that it won't take long  
Tear down the walls-break the chains  
Freedom is on its way  
Just a matter of time before we truly say  
We stand together after all  
Freedom for all

The things we do-the words we say  
Perhaps if we let it out  
Whisper or cry out loud then  
One day we might just find the way  
If we keep looking for an answer  
If we'll be strong enough to take a chance

Chorus:

Freedom is gonna come...

Freedom is gonna come  
Let us hope and pray that it won't take long  
Tear down the walls-break the chains

Chorus:

Freedom is gonna come...
