

# Orphan Annie

Anita O'Day

Who's the little chatterbox  
The one with pretty auburn locks  
Who can it be  
It's Little Orphan Annie

She and Sandy make a pair  
They never seem to have a care  
Cute little she  
This Little Orphan Annie

Bright eyes, cheeks a rosy glow  
There's a store of healthiness handy  
Mite size, always on the go  
If you wanna know, "ARF!" says Sandy

Always wears a sunny smile  
Now, wouldn't it be worth the while  
If you could be  
Like Little Orphan Annie

Leapin' Lizards!

Who's the little chatterbox  
The one with pretty auburn locks  
Who can it be  
It's Little Orphan Annie

They never seem to have a care

This Little Orphan Annie
