

Orphan Annie

Anita O'Day

Who's the little chatterbox
The one with pretty auburn locks
Who can it be
It's Little Orphan Annie

She and Sandy make a pair
They never seem to have a care
Cute little she
This Little Orphan Annie

Bright eyes, cheeks a rosy glow
There's a store of healthiness handy
Mite size, always on the go
If you wanna know, "ARF!" says Sandy

Always wears a sunny smile
Now, wouldn't it be worth the while
If you could be
Like Little Orphan Annie

Leapin' Lizards!

Who's the little chatterbox
The one with pretty auburn locks
Who can it be

They never seem to have a care

Bright eyes, cheeks a rosy glow
There's a store of healthiness handy
Mite size, always on the go
If you wanna know, "ARF!" says Sandy

Always wears a sunny smile
Now, wouldn't it be worth the while
