

Have Your Way

Anita Wilson

Lord I don't mind
I would like for you to just have your way
It's alright
I would like for you to just have your way

Lord I don't mind
I would like for you to just have your way
It's alright
I would like for you to just have your way

Sovereign God is in control
Almighty God, El Shaddai, oh
Let him in
Just surrender to him
God has a plan for your life
Just adhere to his word head his command
And say...

I don't mind
I would like for you to just have your way
It's alright
I would like for you to just have your way

Say I don't mind
I would like for you to just have your way
It's alright
I would like for you to just have your way
