

Criminal

Anjulie

Put your hands up where I can see
You'd like to hide yourself from me
'Cause you never knew my love was criminal

It's late till you're hurt like a wounded soldier
And she show no mercy, for your blood she thirsty
Smelling the fuel when the night is over
And she not that evil, she just like to take control

Throwing round the girls that you used to know
Throwing round the hearts that you took for broke
Put away your gun, it ain't no one coming
No one to save you from the fall
She said

Put your hands up where I can see
You'd like to hide yourself from me
'Cause you never knew my love was criminal
Give it all up 'cause there's no use
What you've done crawls back to you
'Cause you never knew this love was criminal

Pray for the sins of the ones before ya
And she show no mercy, for your blood she thirsty
But don't let a tainted heart destroy ya
No, she not that evil, she just like to take control

Throwing round the girls that you used to know
Throwing round the hearts that you took for broke
Put away your gun, it ain't no one coming
No one to save you from the fall
She said

Put your hands up where I can see
You'd like to hide yourself from me
'Cause you never knew my love was criminal
Give it all up 'cause there's no use
What you've done crawls back to you
'Cause you never knew this love was criminal

My body, my body, my body, my body
It bends and break
Yet you still love to turn you on
Your body, your body, your body, your body
You miss my kisses
And you're back to get this gone
She said

Put your hands up where I can see
You'd like to hide yourself from me
'Cause you never knew my love was criminal
Give it all up 'cause there's no use
What you've done crawls back to you
'Cause you never knew this love was criminal

This love is criminal
Ain't not forgiving

This love is, this love is
This love is criminal
This love is criminal
Ain't not forgiving
This love is, this love is
This love is criminal
