

# Danger

Anjolie

Break the rules up, do what I say  
Watch me roll up, hit the valet  
Move along now out of my way  
(Hey, hey, out of my way)  
On my throne now [?] that crown  
Keep your eyes on me, you can't help  
Pay attention, 'bout to go down (Hey)  
'Bout to go down

(Uh) You're lookin' for some danger  
(Uh) You're lookin' for some danger  
(Uh) You're lookin' for some danger  
(Uh) I'ma show you danger  
I'ma show you danger  
I'ma show you danger

Follow me I'm blazin' that trail  
Like a wildfire, goin' [?]  
All that I do, never can fail  
Never can fail  
Poppin' wheelies, runnin' red lights  
Yeah we out here, trouble at night  
It's good to be me, know I can't lie (No, no)  
You know I can't lie

(Uh) You're lookin' for some danger  
(Uh) You're lookin' for some danger  
(Uh) You're lookin' for some danger  
(Uh, uh) I'ma show you danger  
(Hey, hey, I'ma show you)  
I'ma show you danger  
(I'm, I'm, I'ma show you  
I'ma show you)  
(I'm, I'm) I'ma show you danger

(Huh) No need to be terrified  
(Huh) You should see that look in your eyes  
(Huh) No need to be terrified  
(Huh) You should see that look in your eyes

I'ma show you danger  
(I'm, I'ma) I'ma show you danger  
(I'ma, I'ma, I'ma) I'ma show you danger  
(You should see that look in your eyes)  
I'ma show you danger
