

Lose Me

Anjolie

I got lost in the middle
What a storm, it was in your eyes
It was good for a little
But the world overtook you by
Surprise, surprise, surprise
What can I do?
This is how it feels to lose you

(Hmm)
And I tried to ignore it
The way that I needed you, needed you
I got nowhere to store it
All the love that you left behind
And all the pain and all the rage
This is how it feels to lose you

But someday when I'm done
Bet you gonna hurt like I hurt right now
When you goin' up my phone
Three times, 4AM in the mornin'
Let me go babe, I know it ain't easy
But this is how it feels to lose me

I can still smell the shampoo
From your wet hair on my arms
Coffee stains on the mantle
And I told you a million times
Now every little thing reminds me
This is how it feels to lose you

Did I hear you say
That you'd take me back, I wanna taste it
Wanna walk away
But I can't do that, I can't erase it
Everywhere I go
You're in my bones, in my bones, in my bones

But someday when I'm done
Bet you gonna hurt like I hurt right now
When you goin' up my phone
Three times, 4AM in the mornin'
Let me go babe, I know it ain't easy
But this is how it feels to lose me

But someday when I'm done
Bet you gonna hurt like I hurt right now
When you goin' up my phone
Three times, 4AM in the mornin'
I know they say, I know it ain't easy
But this is how it feels to lose me

Did I hear you say
That you'd take me back, I wanna taste it
Did I hear you say
That you'd take me back, I wanna taste it
