

## Brothers At Arms

Ann Beretta

Working all day to look a devil in the eye  
we're brothers at arms and we fight a good fight, just another  
line to record my time  
standing together through the wrong and the right, i tell you r  
ight now that i know a thing or two  
together we stand and together we fall, i'll tell you right now  
that i do know more than you  
standing as one you know we stand tall, try so hard i wanna fig  
ure out if i'll take it  
tell you right now i don't wanna do without  
will fake it?
