

Straight Shooter (election Day)

Ann Beretta

When you don't know & we're out of time and you don't show and
we're hung to dry we take it to the streets
with our fists held high singing to a shorus of one tonight
you know it's too late & we don't shoot straight we take it too
the streets tonight
we're six guns south with our pistols by our sides, we pledge a
llegiance, freedom reigns tonight
right or wrong heads too strong & we don't look back
and we're throwin' it all away
on election day
we led astray.
